

QUESTIONS TO ASK YOUR DOCTOR?

Notwithstanding treatment variations, there are some questions worth asking your specialist during your consultation about IVF treatment.
Use this Guide & make Notes.

Knowledge is Powerful on the Path to Conception
More Knowledge. More Empowered. More Successful.

MY NOTES

- ✓ What is your success rate of a heart beat at 12 weeks on a first IVF attempt?
- ✓ Please can I have all costs including those that may be variable eg. Embryo freezing?
- ✓ What is your policy regarding excess embryos, which I may have after the IVF?
- ✓ Do you offer a discount should I need to undergo a 2nd attempt?
- ✓ As my Doctor will you be doing all the scans as I progress through my treatment cycle or do other Doctors also scan me?
- ✓ How accessible are you to me should I need urgent assistance after hours (e.g. a bleed) during my treatment?
- ✓ Should I elect, would you transfer more than 1 embryo?
- ✓ How long have you been a specialist in fertility treatment?
